THE HAWKESBURY RACE CLUB

'A destination for visitors from all around the globe'. Approximately 40mins drive from Sydney, and is the gateway to the magnificent Blue Mountains.

The Hawkesbury Valley is one of the oldest Australian settlements and first explored by Governor Phillip in 1789. The Hawkesbury racing pioneers fashioned a race course from 200 acres of virgin bush land in 1865 which led to the first race meeting being conducted on the course in 1871. This racecourse has been in continuous use for over 135 years.

The beauty of the race track, set to the backdrop of the Blue Mountains and the grandstand showcasing the scenic panorama of the Grose Valley, is a true testament of foresight of the racing pioneers.

Featuring a variety of conference, meeting and event facilities. These venues are set amongst manicured and well appointed grounds. Hawkesbury Race Club also offers a 4 star Motel which includes 30 luxuriously appointed rooms, 2 deluxe suites, 2 spa suites, disabled accommodation, in-ground pool and generous parking facilities.

Two race meetings per month are held at the Race Club. Within close proximity to a number of activities, such as golf, paintball skirmish kayaking, squash, ten pin bowling, whitewater rafting and many other scenic activities.
